

Real Estate in Northern Ontario Canada - Islands on Lake Superior

The Superior Islands are located just East of Thunder Bay Ontario Canada on the North Shore of the world's largest fresh water lake – Lake Superior.

Any of our locations would make a perfect personal or corporate retreat, ideal for building a cottage, home, or lodge of your dreams. They'd also make an ideal location for holding meetings, building your corporate team or just to get away to a place by yourself and with the ones you love.

If secluded island property appeals to you, a site visit can quickly be arranged.

"Site visits include pickup from Thunder Bay Airport and Charter to Island Properties – fees start at \$650 pp."

Should you choose to visit our properties and NOT purchase, the very least that will occur is that you'll have experienced the beautiful North Shore of Lake Superior: viewed stunning scenery, wildlife and incredibly pristine properties in a relaxing and pleasant environment: a wonderful day spent away from the daily hustle.

We invite you to visit for the day and experience Superior Hospitality at its finest.
